Reconsideration of Application for Licensure by Endorsement

Douglas Maddrey, RN (Discipline)

The Board previously reviewed Douglas Maddrey's application for licensure by endorsement during the November 8, 2017 Board meeting. During the November meeting, the Board voted to approve his application contingent upon his consent to undergo an evaluation by the DPHMP, based on disciplinary actions taken against his license. Mr. Maddrey failed to contact the DPHMP for an evaluation. Ms. Nellius moved, seconded by Ms. Udealer, to propose to deny Douglas Maddrey's application for RN licensure by endorsement. The motion carried unanimously.

PRESIDENT'S REPORT

There was no President's report for the month of March.

EXECUTIVE DIRECTOR'S REPORT

Mr. Mangler attended the eNLC Commissioner's meeting on March 4, 2018. There are currently 29 states in the eNLC. There is pending eNLC legislation in Illinois, Indiana, Kansas, Louisiana, Massachusetts, Michigan, New Jersey, New York, Rhode Island, and Minnesota. Four states, including Pennsylvania, have indicated their intent to file eNLC Legislation in 2019. The Commission discussed a proposed rule which would allow party states to issue an authorization to practice, or temporary permit, to

individuals whose licenses recently expired in one party state and are applying for licensure in another party state. Some states require a current license be in place as a condition of endorsement. The Commission also discussed a proposed rule regarding the deactivation of multistate privileges for individuals who have a disciplinary action that includes a restriction of practice or random drug screens regardless of whether a license encumbrance had been lifted or not.

The APRN Compact is slow to get a foot-hold as there are differences among states pertaining to independent practice, and collaborative agreement requirements, etc..

A three-day Mid-Year meeting followed the Commissioner's meeting, with the first day being aimed at Executive Directors and Board Chair's leadership development. Dr. Akiko Maeda, a senior health economist at the Organization for Economic Co-Operation and Development discussed the need for a transformative agenda for the health workforce, assessing health professional skills, remuneration and coordination and models of care that are integrated and-person centered.

The ad hoc NCSBN Marijuana Committee presented its findings and recommendations regarding medical marijuana use by nurses and recommendations for disciplinary case approaches. Guidelines will be distributed to the member Boards when they become available.

A representative from SIMPeds at Boston Children's Hospital presented the genesis and evolution of their simulation program and various applications for simulations.

The NCSBN is celebrating its 40th Anniversary. The Annual meeting and Delegate Assembly will be held August 15 – 17, 2018, in Minneapolis, Minnesota.

Ms. Holt provided an explanation as to why she answered the question "no" to Mr. Mangler via email, and provided two letters regarding her successful completion of the RAMP program for the Board's consideration. The motion carried unanimously.

Robin Glover, RN (Case 11-41-16)

The Board considered the Hearing Officer recommendations for Robin Glover, RN. Ms. Nellius moved, seconded by Mr. Sanders to accept the conclusions of law and findings of fact. The recommended discipline was modified to reflect the following: Ms. Glover's license shall be suspended for a period of three months. Ms. Glover will be permitted to petition the Board in writing after the three month period to terminate the suspension followed by a two year period of probation. Prior to the conclusion of the suspension, Ms. Glover must complete fifteen (15) continuing education hours in the following subjects: six (6) hours in standard of care hospice nursing practices, three (3) hours in nursing ethics, three (3) hours in standard of care documentation of hospice medical services, and three (3) hours in the area of critical decision making. Ms. Glover must pay a monetary penalty in the amount of \$250.00. Ms. Glover must undergo a mental health evaluation, and comply with all recommendations as a result of the

evaluation. Ms. Glover must notify the Board of her nursing employer, and have quarterly employer evaluations submitted to the Board. Ms. Glover's probation runs concurrent with employment. The motion carried with Ms. Darling recusing.
